

Photographies during the 2023 RING Meeting 12-15 September, Nancy School of Geology

This policy is available on the [Home](#) page of the event, in the section “**Captation & Photographs**”.

In the frame of the 2023 RING meeting, photographs will be taken during:

- The technical conferences,
- The conviviality moments: ice breaker cocktail, dinner, and coffee breaks.

The photographs are used for the following purposes: the promotion of the event, of RING's research and the communication about the event and RING activities.

The photos taken may be shared on the following media and networks:

- RING Website
- RING LinkedIn and Twitter page
- RING Mailing lists (*ring_announce* and *ring_research*)

The participants are asked to give their consent for photographs before attending the event, on the [online registration form](#).

Designated members of the RING team will take the photographs using their smartphones.

Therefore, these designated members will sign a confidentiality form and commit to:

- not share the photos they have taken online, or on their personal social media accounts, or to any third party,
- only upload the photos they have taken on a dedicated folder “RING Meeting 2023 photos” created for the event, and with a password restricted access,
- delete the photos they have taken from their smartphone once they have uploaded them on the above mentioned folder.

These signed confidentiality forms will be available for consultation by the participants upon request.
